**STUDENT SPOUSE AND/OR DOMESTIC PARTNER ELIGIBILITY POLICY**

Watkins Health Services (WHS) primarily exists to provide healthcare to currently enrolled students of The University of Kansas. Spouses and/or domestic partners (who are not enrolled) are eligible for the same services as currently enrolled students. In order for these non-students to be seen by our providers, the following protocol must be followed:

1. The student must accompany the spouse/domestic partner on the initial visit AND both must go to the WHS Business Office to complete this form for the official record.
2. The student must accept financial responsibility for all services provided to the spouse/domestic partner by using the Guarantor Form (below).
3. The services for the spouse/domestic partner will be charged at our Non-Health Fee rates.

Additional information about eligibility for services is available at: [http://studenthealth.ku.edu/about](http://studenthealth.ku.edu/about)
