## WATKINS HEALTH SERVICES HEALTH FEE OPTIONS FOR NON-LAWRENCE STUDENTS

(To be signed each semester you intend to come to Watkins on Lawrence Campus)

As a student enrolled exclusively at KUMC or on Edwards Campus, you have two options available to choose from to access KU's Watkins Health Services (WHS). Please initial which option you prefer:

- \_\_\_\_\_ 1. Pay the full semester Health Fee for the Lawrence Campus which entitles me to the following:
- No charge to see WHS providers (M.D.s and APRNs)
  - Reduced charges for lab tests, x-rays, medications and medical procedures

— OR —

- \_\_\_\_\_ 2. Pay an office visit each time I see a provider and pay all the other services at the "Non Health Fee" rate which I understand is higher than what students pay for these services.

With either choice, WHS will bill any insurance plan you have (except for Medicaid, Medicare or other such government plans). We may or may not be in-network with your insurance plan so that may affect what you owe to WHS for the care you receive. Please note that no insurance plan will cover the Health Fee mentioned in Option 1. If you are unsure about which option is better for you, contact our Business Office at 785-864-9520.

### Student Acknowledgement

*I understand that if I have the KUMC student insurance plan, Watkins Health Services on the Lawrence campus is **not** considered a "primary care" site or in-network site for this policy. Thus, I will be responsible for deductibles, co-pays and my share of costs as determined by my insurance coverage.*
