**PURPOSE:** To ensure medical chaperone is provided per patient or provider request.

**POLICY:** Patients or providers requesting a chaperone be present during care will have one provided by Student Health Services (SHS).

**PROCEDURES:**
1. Signs notifying patients of their rights to have a medical chaperone present during an encounter are placed in all screening and patient exam rooms in the Health Center.
2. Patients who want a chaperone present during care will have one provided by SHS.
3. Providers may request and have a chaperone present during patient care.
